Suburb	ALEXANDRIA	Engine Make	

Description

The flagship of the Arvor Weekender range, theArvor 905 Weekenderis built for those who want to explore further, stay longer, and enjoy every nautical mile in total comfort. With its striking lines, expansive interior, and thoughtful layout, the 905 combines the performance of a serious offshore cruiser with the liveability of a floating holiday home.

At just over 9 metres, the 905 Weekender offers generous deck and cabin space, perfect for entertaining, family cruising, or weekend escapes. The large cockpit features a sliding bench seat, fold-out seating, and a teak dining table – ideal for socialising or lounging in the sun. Wide walkaround side decks, a double swim platform, and integrated rod holders and storage make it equally ready for fishing and watersports.

Inside, the spacious saloon is flooded with natural light thanks to large panoramic windows and a full-length glass sliding door. The dinette converts into a double berth, and the lower deck houses two private sleeping cabins and a separate enclosed toilet with shower – making this one of the few boats in its class to comfortably sleep up to six people.

A fully equipped galley with sink, gas stove, fridge, and storage lets you prepare meals with ease. The ergonomic helm features twin bolstered seats, digital instrumentation, and optional bow thruster and Simrad electronics, ensuring confident handling on longer coastal passages.

Twin or single outboards deliver smooth, powerful performance with excellent fuel efficiency and stability, even in offshore conditions. Whether you're cruising to a distant bay, spending the night at anchor, or just enjoying a day out with friends, the 905 Weekender provides the freedom to go further – and stay longer.

Arvor 905 Weekender – explore the coast in style, comfort, and confidence. Available now. Contact us for pricing and inspections.
