Suburb	ALEXANDRIA	Engine Make	

Description

TheQuicksilver 875 Sundeckmodel boasts the biggest sundeck in its class so is perfect for summver relaxation for friends and family. It even has a sundeck at each end of the boat so you can suggest the kids stay at the other end.

SAFETY

The boat is powered by a single engine with up to 400 hp or a twin engine with up to 500 hp. There is no better guarantee for safe travels in all kinds of water and wind conditions. On board, the asymmetrical console leaves ample space to easily reach the foredeck by the starboard side. And of course, the Activ 875 Sundeck’s offer a stable and spacious deck to move around on.

COMFORT

With the Activ 875 Sundeck, there’s enough sundeck for everybody. The cockpit seating converts into a 1.9 x 1.6 m sun lounge with direct water access while the bow area measures a record-setting 2.25 x 2.25 m sundeck with adjustable backrest. That’s as big as it gets in this category of boats. Meanwhile, the cabin holds anything else you might need, like a marine toilet and shower. The cosy cabin seating and dining area with beautiful view over the water is conveniently equipped with an optional fridge and microwave.

VERSATILITY

An L-shaped cockpit lounge that converts into a large sundeck or a dining area, with a galley at hand. Not bad, right? Wait, there’s more. Water sport fans put the engine’s horsepower to good use by adding a ski pole to their configuration. Another option? Just flip up the foredeck chaise sun lounge and relax. The cabin area is ideal for eating in, relaxing and sleeping.

STORAGE

Be sure to get what you need: the SMART Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10 % when compared to ordering options separately and this edition is probably already available at your local dealer right now.
